## **Work Party**

### **Pine wood fencing repair**

Date, Time and Place

**Friday Evening 27<sup>th</sup> May 2011 – 6:30 pm Pobs Drive.**

Everyone is welcome to help with this project. Angus Macphie has got 30 new posts and some new wire. With these materials we plan to strengthen the existing fence around the pinewood. No previous experience is required!

Please come at 6:30 pm. Bring with you any useful tools. Work gloves, hammer, pliers, wire cutters, crow bar.

We hope to organise crowbar, post holer and a post driver.

If enough people turn up then we will do other jobs as well.

**Litter picking** – bring bags and gloves – there will be a couple of wheel barrows and a trailer to put any rubbish in.

**Path clearance** – bring secateurs or pruners – to cut branches which interfere with the paths or a stick to knock the tops of young bracken shoots.

We estimate that the job will take 2 hours if enough volunteers turn up.

If you have any questions or suggestions then please get in touch either by email or phone 772459.

Thankyou

Paul Biggin
